

ALADDIN
CONTAINER COMPANY

PORTFOLIO

Established in 1976, Aladdin Container Company is part of the reputed and well established Wafi Group. The group's portfolio consists of Transport, Hospitality, Industrial and Properties.

A pioneer in the field of 3PL logistics in the UAE, Aladdin is the proud recipient of ISO 9001:2015 Europe Certification for the quality of its processes and services.

Spread over an area of 1.2 million of asphalted land, Aladdin offers a whole range of 3PL services ranging from warehousing, leasing services, CFS facilities, container transportation, container purchase and sale, container repairs and weighbridge facilities.

Aladdin offers special expertise in the following areas:

Container Trading:

- Purchase and sale of all types of containers (New and used).
- DNV offshore dry containers
- DNV offshore baskets
- DNV refer containers
- Trading of ISO Reefer containers.
- Aladdin also undertakes purchase and sale of new and used Reefer Gensets

CONTAINER CONVERSION:

Aladdin provides converted containers to different market segments including but not limited to; oil & gas, construction, power & mining, military, hotels, medical & many more. Converted containers are ideal for mobility, safety & reliability during long periods of usage. Our converted containers can be used in harsh environments as well.

Usage of Converted

Containers:

- Offshore purpose
- Remote area control stations
- Electrical Substations
- Water treatment plants
- Medical units
- Testing laboratories for petrochemicals
- Smoking rooms
- Generator rooms
- Housing units
- Accommodation units
- Camp facilities
- Kitchen & Mess units
- Weapon storage units
- Retail shops

These container units are perfect for alternative uses. Our converted containers can be customized as per the client's requirements.
